

P2P Payment Feature DESKTOP

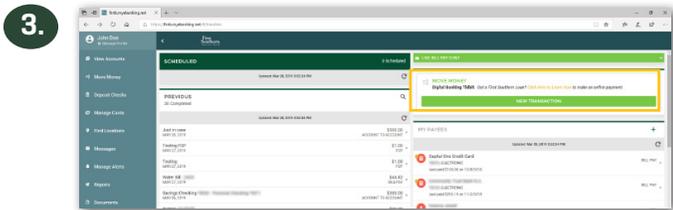

Now you can easily pay anyone with a debit card with P2P from First Southern National Bank! Includes (MFA) multi-factor authentication security. Find instructions [here](#). Request access [here](#).

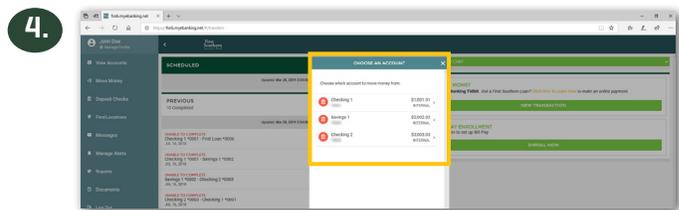

1. Login to **Online Banking** from fsnb.net.

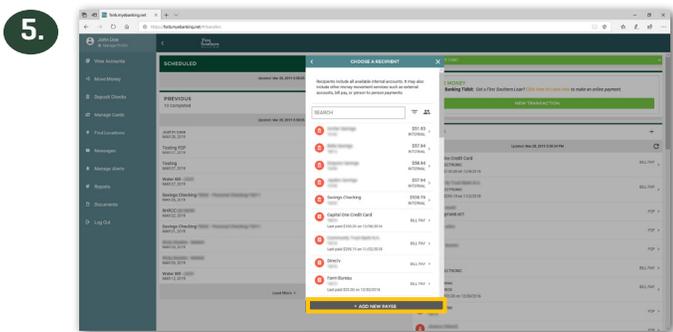

2. From your menu bar, click the **Move Money** link.

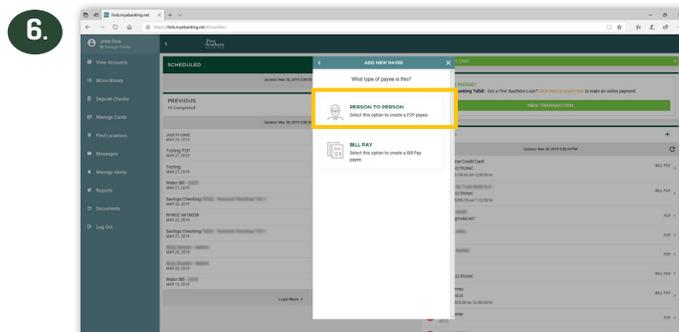

3. Click the **New Transaction** button.

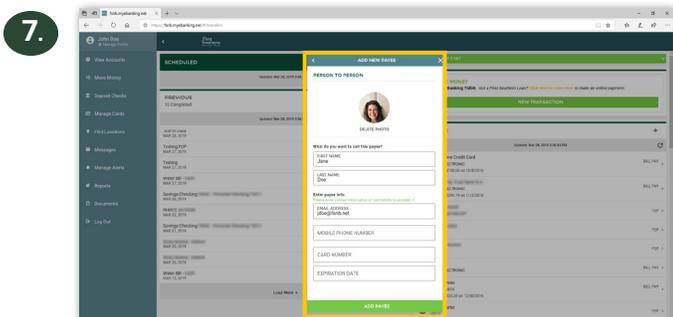

4. Choose the **account** source you want to send money from.

5. Choose a recipient.
If this is a new recipient, click **Add New Payee**.

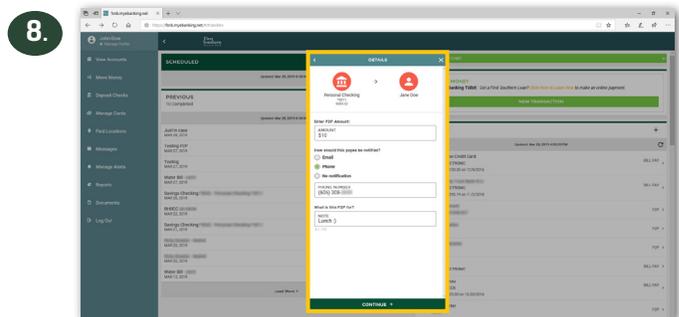

6. Click **Person to Person**.

7. Add details for the person you want to send money to. The payee will receive a secure link to send their payment info, so including card information is optional.

After information is added, click **Add Payee**.

8. Enter the amount you want to send. Select Email or Phone for notification method. You can also enter a note, if you would like.

After all details have been added, click **Continue** to send. Your money is now on it's way!
